

Healthcare Associated Infection Online Training:

PREVENTION & CONTROL OF INFECTION

(MSQH Standard 5)

✓ This Event Will Be Held On:

October 24, 2024

via Zoom Platform

08:30 am - 05:30 pm

OVERVIEW

In this course, participants will gain a comprehensive understanding of MSQH Service Standard 5 on the Prevention and Control of Infection. They will learn to interpret the specific requirements of these standards and apply them effectively within their organizations. The course will equip participants with the skills to develop and implement robust infection control measures, evaluate current practices, and address common challenges in infection prevention. By applying their knowledge to real-world scenarios, participants will enhance their ability to ensure compliance with MSQH standards and improve overall patient safety.

TARGET AUDIENCE

Healthcare Professionals including Doctors, Nurses, and Allied Health Staff, Infection Control Specialists, Healthcare Administrators, Quality Assurance Personnel, Health and Safety Officers, Training Coordinators, Clinical Risk Managers.

REGISTRATION FEE

MEMBER:

RM 450

NON-MEMBER:
